Foresight Capacity Building in Czechia

What we do and how

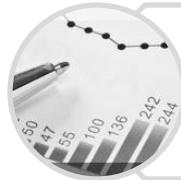

Michal Pazour

FEN Meeting, 14 June 2017, Turku

- Not for profit organisation
- Established in 1994
- By 5 institutes of the Czech Academy of Sciences
- Mission:
 - Provide professional services for participation of the Czech Republic in the European Research Area
 - Facilitate international technology transfer
 - Promote creation and development of small innovative firms
 - Provide analytical and conceptual support for strategic STI policy-making

Strategic studies for STI policy-making

... detailed **ANALYSES** of individual aspects of the innovation system, comprehensive assessment of relations within this system, and identification of factors preventing its efficient development

... development and application of methods for the **EVALUATION** of research, development, and innovation programmes and for assessing impacts of research and innovation policies

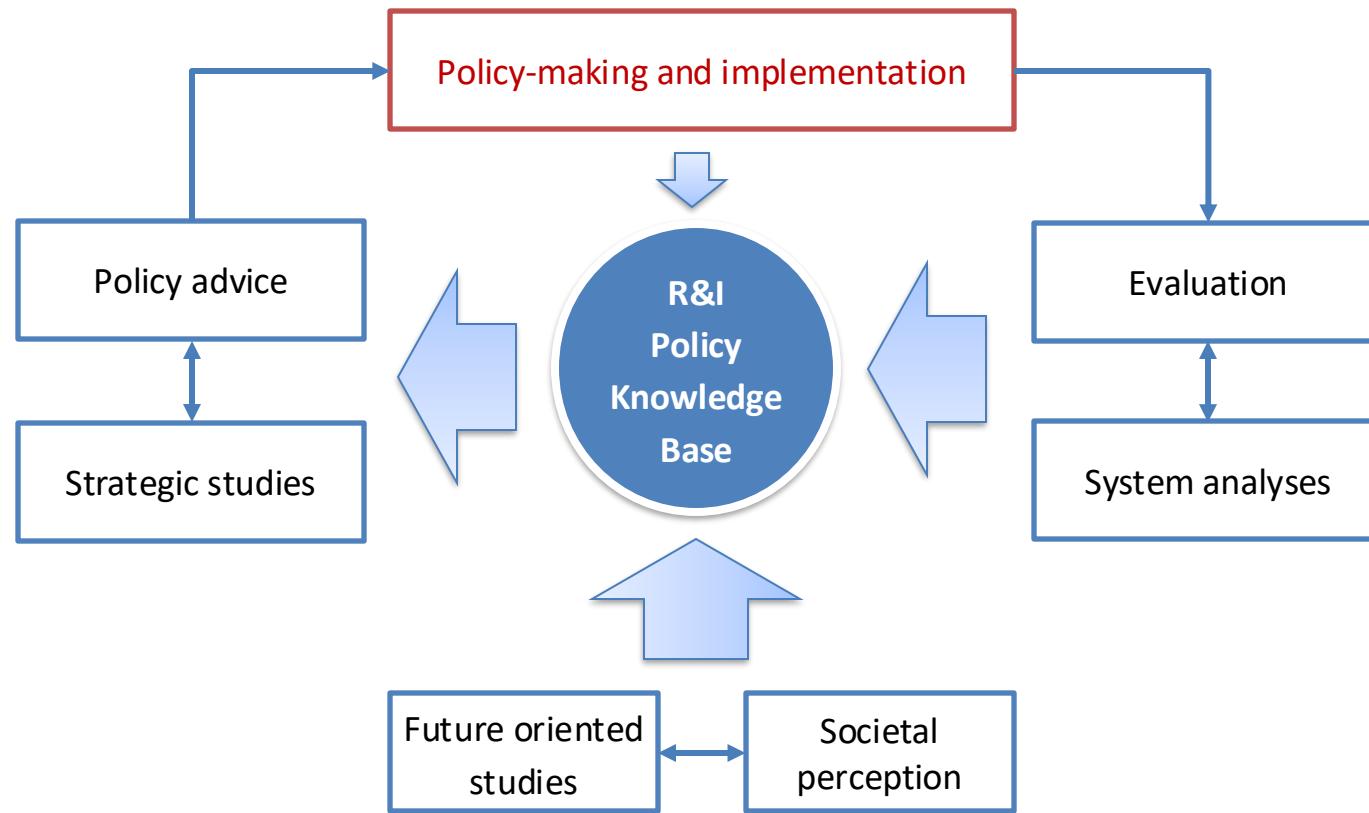

... preparation of **FUTURE ORIENTED STUDIES** and continuous analyses of technology and social trends for formulating RDI priorities, strategies and policies

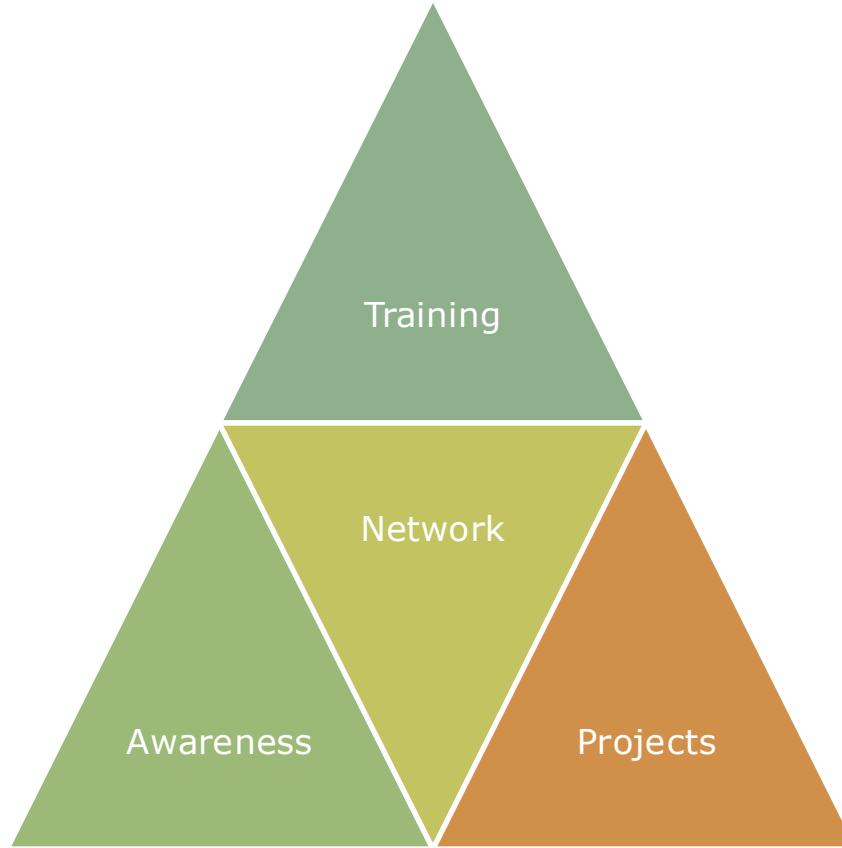

... development of the **TECHNOLOGY ASSESSMENT** concept in the CR, expert studies for decision-making bodies on the European level aimed at assessing impacts of new technologies on the society

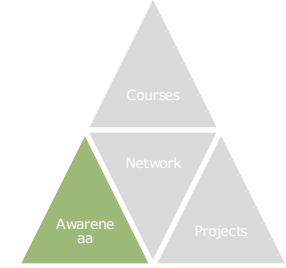

Strategic studies for STI policy-making

Capacity Building for Foresight Activities

Raising awareness of foresight

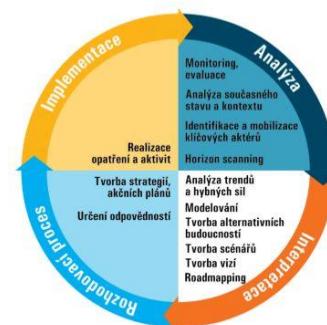

FORESIGHT
EFEKТИVNÝ NÁSTROJ VĚŘEJNÉ SPRÁVY

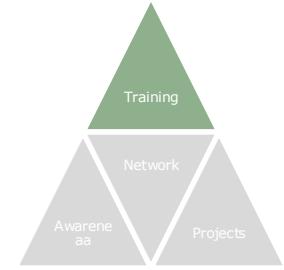

- ▶ Jak poznat, které trendy a události budou ovlivňovat budoucnost?
- ▶ Po jakých veřejných službách bude ve světě a v České republice v budoucích letech mít význam?
- ▶ Jaké nástroje veřejné správy budou účinné a předtím se technologického pokroku a společenských změn připravit?
- ▶ Jaké nástroje mohou napomoci definovat budoucí strategii?
